Mergers and Acquisitions Milton Ontario - Our firm is involved in difficult divestitures, reorganizations, mergers and acquisitions on behalf of corporate clients working in various business sectors, industries, and jurisdictions.

Our ranking among the companies in this country is unsurpassed in terms of the number and monetary value of deals we have handled both internationally and domestically. As lead counsel we have been involved in over \$90 billion worth of transactions. Our lawyers are committed to a groundbreaking and inventive practice.

We have devised a lot of original takeover bids, expansions and strategies. Our services span various contested and negotiated mergers and acquisitions on behalf of large and mid-cap issuers, income funds, royalty trusts, institutional investors, investment banking, private equity community members and closely held corporations, in addition to boards, committees and shareholder groups. Our corporate and litigation lawyers offer counseling about hostile bids, proxy contests and poison bills. We advise special committees and boards of directors about such issues. On a regular basis we deal with leveraged buyouts, spin-outs, joint ventures, private mergers, exchangeable share transactions, carve-outs, and going-private transactions.

Our multidisciplinary supporting team of intellectual property, tax, competition, employment and real estate lawyers advise on the different aspects of transactions. The difficult nature of mergers and acquisitions needs working closely together with all parties from the outset to be able to move deals forward.
